FOREWORD

The study of names is of itself an absorbing subject. Their foundation and derivations are often of a mythical formation, others depending on occupation or place of residence. In the dim ages of the past there is no indication of kin, but only relation to the same stock, race, clan or tribe of people. The English had progressed beyond this, and their immigrants to the shores of the New World were able to trace back their forbears for several centuries before their exodus to the new country. The English parish registers contained a record of births, baptisms, marriages and deaths, which, with court records of wills and transfers of real estate, enabled lineage to be traced in many cases to the advent of William the Conqueror. Prior to this epoch in history, tribal or clan arrangements generally predominated, though in England this was more in the relations of tenantry. In Scotland, where the Gaelic was the language of the country prior to 1745, when the system of clans came to an end, there existed bodies of men all bearing the same surname and believing themselves to be related the one to the other and to be descended from the same stock. Thus the members of every clan were tied to another not only by the feudal but by the patriarchal bonds; for while the individuals composing it were vassals or tenants of their own hereditary chief, they were also descended from his family and could count exactly the degree of their descent.

The Western Indians had no family names; they used only descriptive cognomens which translated into English read something like this: "Long Time Sleeping," "Wipes his Eyes," besides a legion of other descriptive titles. Many of the white men derived their surnames in a similar manner, which had become necessary by the increase of population and for the purpose of identification. Therefore the place of birth or residence was often used; for example, James at-Wood, or John under-the-Hill. Then the occupation was used as a surname, hence the number of Smiths, derived from blacksmith, wagonsmith, tinsmith, goldsmith, etc. The physical characteristics, mental and moral qualities, were all turned into surnames, and families were named originally from their color as White, Black, Gray, Brown; others named for their height or strength, as Little, Long, Hardy, and Strong; while the moral attributes yielded Good, Gay, Moody, Wise, etc. The son of John, Peter and William in turn became Johnson, Peterson and Williamson, and this was also true of other given names; while in the language of the Russians, Paveloitch is the son of Paul; MacDonald in Scotch, is the son of Donald; and Fitzgerald in Irish, the son of Gerald. The prefix "O" signifies grandson, so that we have O'Brien, the grandson of Brien. In the Anglo-Saxon language the letters "ing" at the end of a name also stood for the same thing as Mac in Scotch and Fitz in Irish, hence Billing was the son of Bill, Harding the son of Hard, Birming the son of Birm. As an example, is the word Birmingham; the last syllable,

"ham," meaning merely home in old English, became literally "the home of the sons of Birm." In these ways practically all English family nomenclatures have been constituted.

Though the custom is widespread for all males to bear the name of their parents, common law sanctions a change of name when made in good faith. There are no serious consequences growing out of an adoption of a new name, except the possibility of confounding the identity. Many who have become famous in history, arts, and literature, have adopted a new patronymic in whole or in part. Thomas W. Wilson on arriving at man's estate became Woodrow Wilson; and another incumbent of the presidential chair changed his name from Stephen G. Cleveland to Grover Cleveland. Brander Matthews and Bayard Taylor, well known authors, might have been lost amongst the mass of their competitors had they not dropped their plebeian given name James. The baptismal name of General Grant was Hiram Ulysses, but was changed when he was nominated for a cadetship to the Military Academy at West Point, when he was recorded as Ulysses S. Grant, in which form it ever since has remained. In literature and art there have been many radical changes from the original surname. The notable English actor, Henry Irving, was baptized John H. Broadribb; Maurice Barrymore was originally Herbert Lythe; the famous Mark Twain was Samuel L. Clemens; while O. Henry was Sidney Porter, and Charles H. Browne became Artemus Ward. The great explorer, Henry M. Stanley, was originally known as John Rowlands.

Similar illustrations are found among worthies in European literature and art. Melancthon's family name was Schwartzerde, meaning "black earth." As soon as his literary talents developed and began to forecast his future, he changed the name to the classic synonym by which he is known in history. Rembrandt's family name was Gerretz, which he changed to Van Ryn, on account of its greater dignity. Balzac was born a Guez, which means "beggar"; when he became conscious of his power as a writer, he selected the surname Balzac, from an estate he owned. Voltaire, Moliere, Dante Petrarch, Richelieu, Loyola, and Erasmus, were all assumed names. Even Bonaparte altered his name from Buonaparte to disguise his Italian origin; while his great opponent, the Duke of Wellington, was not by blood a Wellesley, but a Colley. His grandfather, Richard Colley, assumed the name of a relative named Wesley, which was afterwards expanded to Wellesley.

F. R. H.

Ancestral Heads of New England Families

ABBE, ABBEY, or ABBEL

JOHN, b. in England, 1615, was at Salem, Mass., in 1636-37, afterwards removed to Wenham, Mass., and in 1696-97 to Windham, Conn.

KEEP

JOHN, at Springfield, Mass., 1660; killed by savages, 1676.

KEESE

JOHN, married at Portsmouth, R. I., 1682.

KEITH

A local name from the parish of Keith, in Banffshire, Scotland. The name is derived from the Gaelic *gaoth*, wind. The old village and kirk are called *Ar-keith*, which is a corruption of the Gaelic *ard*, *gaoth*, signifying high wind. The name may be derived from the Welsh *caeth*, a place surrounded, shut up, inclosed, a deep hollow, a strait. The root of the word is the Welsh *cau*, to close, to shut up. From traditions it is recorded that the family came from Germany in the reign of the Emperor Otho, and from the principality of Hesse, from which they were expelled in some revolution. The first person of the family that old historians notice is Robert De Keith, to whom Malcom II, King of Scotland, gave the barony of Keith in East Lothian as a reward for killing Camus, a Danish general who invaded Scotland. The battle was fought at Barry, seven miles from Dundee, where an obelisk called *Camus' stone* marks the spot of the victory. The

Scottish king dipped his three fingers in the blood of the defeated general, stroked them along the field of Robert De Keith, the Scotch champion's shield, bestowing on him the lorded estates mentioned, also giving him the dignity of Great Marshal of Scotland.

JAMES, first minister of Bridgewater, Mass., b. Aberdeen, Scotland, 1643; came to Mass., 1662; ordained minister 1664; died 1719.

KELLEN, KILLIN, KELLING

KELLOND

THOMAS, merchant, resident of Boston, Mass., 1661.

THOMAS, residing at Boston, Mass., 1687.

KELLY, KELLEY

The words *kill* or *cille* in Gaelic and Celtic denotes a church. In Welsh signification is a grove generally of hazel. The ancient parish of Kelly in Devonshire, Eng., may have taken its name from the family or *vice versa*. It has been the memorial seat of the family from the time of Henry II, and was originally spelt Kelleigh. In Scotland the orthography was slightly changed, the earldom of Kellie deriving its name from a district in Fife anciently called Kellieshire. In Ireland the name of Kelly, O'Kelley, is derived from the Gaelic word *ceallach*, meaning strife of war. It is claimed by Irish antiquarians that the pedigree of the family can be traced backward through sixty-five gen-

erations to one Milesius of Spain.

ABEL, freeman at Salem, Mass., 1641.

BENJAMIN, freeman of Mass., 1669.

SINCLAIR, ST. CLAIR, SINKLER

A corruption of St. Clair and that from St. Clara from the Latin *cearus*, pure, renowned, illustrious. The family is traced back to Rogenwald, Earle of Maerle of Norway, a favorite of King Harold 888, A. D. His son Rollo became the first duke of Normandy by marriage 912 to the daughter of Charles the Simple of France, receiving as a concession the St. Clair castle in the province of Normandy. The surname St. Clere was adopted by his great grandson, Malger, who was great uncle to William the Conqueror, and his three sons were among the followers of that monarch when he fought the Battle of Hastings, William the youngest son known by the sobriquet "The Seemly St. Clair," disagreed with his uncle and formed an alliance with Malcolm III of Scotland and was defeated at the battle on the Tweed and lost his life. He was the ancestor of the American family of St. Clair.

JOHN, son of Henry S. of Brownstone and Lybster, England, and of the XXIII generation from Rogenwald Sinclair, b. Eng., 1630, and was at Exeter, N. H., 1658, his name appearing on the records spelt Sinkler, which in the early part of the nineteenth century became St. Clair.

- SMITH**
The most common of all surnames as it was applied to artificers in wood as well as metal, in fact to all mechanical workers, hence its great frequency. Among the Highlands of Scotland the smith ranked third in dignity to the chief from his skill in fabricating military weapons and his dexterity in teaching the use of

them. In Wales there were three sciences which a tenant could not teach his son without the consent of his lord, *Scholarship*, *Bardism* and *Smithcraft*. The latter was one of the liberal sciences and the term was more comprehensive; different branches of knowledge were united in the profession which are now practiced separately, such as raising the ore, converting it into metal, etc.

ABIEZER or ABRAHAM, freeman, Charlestown, Mass., 1677.

ABRAHAM, householder, Charlestown, Mass., 1658.

WHITMARSH

JOHN, resident Weymouth, Mass., 1655.

NICHOLAS, brother of the preceding, living Weymouth, Mass., 1661.

SIMEON, brother of the preceding, inhabitant Weymouth, Mass., 1669.

WHITMORE, WHITEMORE, W E T - MORE

The original family name was de Boterel or Botrel; the first English record is Peter de Boterel, living in Staffordshire in 12th century. The family soon after this took the name of the locality in which they resided, became known as Whitemere, signifying white mere or lake. This spelling was altered and modified until the present form of the name. Sir John de Whytemere was knighted on a battlefield in 1230 for valorous conduct and received a tract of land entitled Whytemere or white meadows. The English ancestry is traced to De Boteral of Staffordshire, Eng., in 1100. His grandson, Ralph, married Avsia de Whitmore, and his grandson John became Sir John de Whitmore.

FRANCIS, son of Nicholas W., XVIIIth generation from De Boteral, b. Hitchen, Hertfordshire, Eng., 1625, resident Boston, Mass., 1630-41, removed Cambridge, Mass., 1648, died 1685.

THOMAS, b. Hitchen, Hertfordshire, Eng., 1594, settled Charlestown, Mass., 1639.

THOMAS, b. Eng., 1615, came to N. E., 1635, settled Wethersfield, Conn., 1639-40, one of first settlers Middletown, Conn., 1649.

WHITNEY

From the Anglo-Saxon word *hwit*, white, and *ey*, water, or ige, an island; the literal signification being white water. The name is of remote English antiquity and the family was founded by Eustace 1085 and styled DeWhitney from the lordship of Whitney which he possessed and is mentioned in the Doomesday Book in that year. Turstin, a Fleming knight, was in the army of William the Conqueror; his great grandson in the twelfth century built a stronghold on the river Wye, where he took up his residence when the name was first taken as a surname. Sir Robert W. was knighted by Queen Mary 1553. It is also a place name from the parish of Whitney in Hertfordshire, England.

HENRY, b. Eng. about 1620, first appeared in town records of Southold, L. I., 1649, afterwards lived at Huntington and Jamaica, L. I., and was resident Norwalk, Conn., 1665.
